

## COMPANY PROFILE

For more than 42 years Chang Tjer Industrial Co., Ltd. has been manufacturing high quality performance woodworking machinery. Chang Tjer was founded on the principles of trust, quality craftsmanship, responsibility, on time delivery, and prompt customer service. To achieve these standards, we train our employees continually on standard operating processes, ensuring that each quality control standard is met for all of our products with all components installed accurately.

Chang Tjer has been manufacturing dust collecting systems for many years. Our product range includes: portable dust collectors, air filters, downdraft tables, and sanders, from ½ HP to 30 HP. We continually work on innovating and improving our products. We will continue to provide the best, high performance and efficient machines to woodworkers for their shops with emphasis on helping them keep their woodworking dust under control.

Chang Tjer has been working on professional and industrial machinery design and development the past few years. Innovation is the element which drives us forward unceasingly. We do our utmost to satisfy and meet the needs of our customers all around the world.

*Get your dust under control!*

- Hydraulic press machinery. (400 tons)
- Press tooling
- High-pressure seam welding machinery.
- Bending machinery. (3 meter)
- Bending machinery. (1 meter)

## Our manufacturing facilities

## INDEX

### DUST COLLECTORS AND CYCLONES

Portable 1 HP Dust Collectors .....	01-02
Newly Designed 1 HP Dust Collectors .....	03
1 ½ HP, 2 HP, 3 HP And 5 HP Dust Collectors .....	04-08
2 HP And 3 HP High Static Pressure Dust Collectors .....	09
Professional Indoor 3 HP And 5 HP Dust Collectors .....	10
7 ½ HP And 10 HP Dust Collectors .....	11
Portable Cyclone Dust Collectors With Manual Cleaning Systems .....	12
Portable Cyclone Dust Collectors With Auto Canister Cleaning Systems (U.S. Model) .....	13
Portable Cyclone Dust Collectors With Auto Canister Cleaning Systems (Euro Model) .....	14
3 HP And 5 HP Two Stage Cyclone Dust Collectors (Bag Filter System) .....	15
3 HP And 5 HP Two Stage Cyclone Dust Collectors (Auto Cleaning Canister Filter System) .....	16
10 HP Two Stage Cyclone Dust Collectors .....	17
10 HP Two Stage Cyclone Dust Collector With Auto Cleaning Canister System .....	18
Industrial 7 ½ HP And 10 HP Dust Collectors With Auto Cleaning Canister Filter System .....	19
Optional Accessories: Canister Filters For 1 HP – 10 HP Dust Collectors .....	20
15 HP Industrial Dust Collector (Bag Filter Model) .....	21
15 HP Industrial Dust Collector (Air-jet Cleaning Model) .....	22

### DOWNDRAFT TABLES AND AIR FILTRATION SYSTEMS

Downdraft Tables .....	23
Bench Top Downdraft Tables And Cabinet Style Downdraft Tables .....	23
Air Filtration System .....	24
Movable And Portable Mini Cleaner .....	24

### OSCILLATING EDGE SANDERS

6" X 108" Oscillating Edge Belt Sander With Spindle .....	25
9" X 138 ½" Oscillating Edge Belt Sander (Single And Double Table) .....	26

### WORKBENCHES

Light Duty Workbenches .....	27-28
Heavy Duty Workbenches .....	29
Folding Workbench And Folding Table And Chairs .....	30

### OTHER TOOLS AND ACCESSORIES

Bench Grinder Stand and Metalworking Dust Collectors .....	31
Wood Rack .....	32
Lathe Copy Attachment .....	32
Roller Stands .....	32
Dust Collector Accessory Kits .....	33-34, 37-39
Portable Roller Stands .....	35
Quick Release Clamps .....	36
